Makers of the **only** original Bakewell Pudding, handmade in the heart of the Peak District National Park.

The Bakewell Bakery is a family-run business founded by local entrepreneurs Nick and Jemma Beagrie in 2011.

The couple established the Bakery on the back of their extensive experience in the food and drink industry, including involvement with Bakewell's Old Original Bakewell Pudding Shop for over 20 years.

This knowledge has enabled them to help preserve the Peak District market town's legacy by continuing to manufacture the famous Bakewell Pudding.

Steeped in Derbyshire history, the Pudding is still made by hand using the only original verified recipe from the 1800s.

The world-renowned Bakewell Tart is also handmade to a traditional recipe and topped with either fondant icing and a cherry or with flaked almonds.

*The Bakewell Bakery supplies the catering industry across Derbyshire, South Yorkshire and beyond.*

*Please get in touch if you are interested in stocking our products, we would love to hear from you.*
